Hamlin Livestock Show Saturday, February 11

All Kinds of Stock and Poultry on Display

The idea of having the choice stock of the FFA boys on display in Hamlin Saturday, February 11, has expanded to include not only the fat calves that the boys have been feeding but all kinds of stock of this community.

LIVESTOCK SHOW ASSOCIATION FORMED THIS WEEK

A new organization came into existence in Hamlin, Monday evening or new life was stimulated in an old one. At any rate a group of business men met in the rear of Inzer's Pharmacy and formed the Hamlin Livestock Association. The organization holds for its purpose, first, the promotion of better livestock in West Texas thereby benefitting the farmers and stockmen of this section; second, the promotion of scientific farming and the development of associated industries in this trade territory and finally the extension of Hamlin's trade territory and expansion of her influences.

Upon the organization, J. E. Moody was elected chairman of the show association and B. M. Brundage was elected secretary. Directors chosen were J. E. Moody, R. Y. Barrow, Thos. Teague, Joe Culbertson, Starr Inzer, W. C. Russell, J. J. Waggoner and G. R. Bennett.

After the completion of the organization, Mr. Moody immediately went into the appointment of his committees for sponsoring the F. F. A. show to be held in Hamlin February 11. Advertising will be in charge of Bowen Pope, Thos. Teague, Earl Smith and Eddie Jay. Publicity is in charge of G. R. Bennett and J. J. Waggoner. The finance committee is Starr Inzer, Ivy Witt, Arlie Cassle and Tate May. The grounds committee in charge of arrangements is Craig Elmore, Joe Culbertson, Henry Albritton and M. B. Templeton. The premium or prize committee is M. B. Templeton, R. Y. Barrow, W. C. Russell and Joe Culbertson. The entertainment committee is Arlie Cassle, Henry Albritton, Gerald Morgan and Tom Williams. The committee on Associated Home Industries is composed of W. C. Russell, Mrs. Loyd Sebastian and Miss Faye Duncan.

WOMAN'S DEPARTMENT

It is planned that in connection with the livestock shown there will be booths displaying home industries, fancy needle work, quilts and any

other home or farm product. The Home Makers' department of the Hamlin High School and various ladies civic and study clubs will sponsor these educational booths.

DAY IMPLEMENT YARDS THE STOCK SHOW GROUNDS

Regardless of weather conditions there will be a Livestock show. The place of holding the show is in the John T. Day Implement yards, formerly the Home Lumber Company or Gray Lumber Co. place. Plenty of sheds, plenty of grounds, plenty of space for indoor material, close in, no mud and protected greatly from wind.

A number of stockmen and poultrymen have asked about bringing stock for display and it seems to be the very idea. The whole thing is to promote better and more live animals for this section of the country. So at this show we may expect to hear the crow of roosters, the gobble of turkeys, the bray of mules, as well as the bellow of calves and bulls.

Next week the Herald will carry full details and many attractions for the public. It now looks as though the Stock Show day will be one of Hamlin's biggest in a long time.

LOCATES IN HAMLIN

HENRY SHIPP

HENRY SHIPP, recently of Stamford, has cast his lot with Hamlin people. He and his wife (newly married, by the way) have leased the Humble Station in South Hamlin, formerly known as the Dopson place. Mr. Shipp has impressed those whom he has met as a real business man. His business does not only include all things carried in a service station but he is carrying groceries and a cream station. Right here let us tell you that Mr. Shipp is a singer too. He has been associated with Fred Bennett and the Pope Trio the past several years.

HIGH SCHOOL GIRLS TO BE PRESENTED IN PIANO RECITAL

On Tuesday evening, February 7, at the High School Auditorium, Miss Edwina Gilbert will present two groups of her pupils in student recitals honoring their parents.

At the 7:30 hour, the following students will appear: Bobbie Grace Milner, Selma Hassen, Mary Ann Murrell Woodward, Twila Ruth Smith, Velma Lee Boyd, Bernice Beard, and Maxie Poe.

Following a brief intermission Maxine Brundage, Winona Milner, Rosemary Carlton, Anita Anderson, Herbie Fay Johnston, Ruby Jean Young, Annie Laura Bowdry, and Marian Martin will be presented.

The public is cordially invited to each of these programs.

Cecil Eivens, one of Hamlin's well known young business men, has accepted a position in the Lubbock National Bank. He left Sunday to begin his work. Cecil was with the McCauley State Bank several years and then was with the Hamlin F. & M. National and the past year he was bookkeeper for the Texas Oil Co. and later with the Home Lumber Co. and the Day Hardware. Cecil has a host of friends in all parts of this country who wish him well in his new banking place.

FARM PROGRAM

NEW COTTON FARMS UNDER THE 1939 AGRICULTURAL CONSERVATION PROGRAM

We have been advised by the AAA, State office that requests for cotton allotments for new farms must be reported in the County Office prior to February 15, 1939. All farmers who did not receive a cotton agreement allotment for the reason that there had been no cotton planted on your farm for the last three years, and your 1939 plans call for the planting of cotton, are requested to call by the Association office to make a request for cotton acreage allotment since these requests must be in the office before February 15, 1939.

P. C. WYLIE, Jones Co. A.C.A.

FARM DEBT ADJUSTMENT

The date of the next meeting of the Jones County Farm Debt Adjustment committee has been changed and will be held Wednesday, Feb. 8 at 2:00 P. M. The meeting will be held at the local Farm Security Office, Anson, Texas, and the presence of all farmers who are in need of the services of this committee is requested. Mr. Guion Gregg, state FDA supervisor, will be present.

ROBERT C. CROSS,
Rural Supervisor, Jones Co.

HAMLIN BOY WINS DISTINCTIVE HONOR

The Herald has a copy of "The Carnation," a monthly publication of the Delta Sigma Phi fraternity, showing that Richard Feagan, son of Mr. and Mrs. Elmer Feagan of Hamlin, had been awarded the National Scholarship Certificate two years in succession. This was an unusual honor in scholastic attainment which Richard made in 1937 and 1938 while a student in S.M.U.

The Busy Bee Quilting Club will meet with Mrs. John Taylor at Radium Wednesday, Feb. 8. Everybody try to be present at this meeting. New members are especially urged to be present. Be sure to bring your dues for January and February.

What Should Be Done?

(Personal View Point)

The Political Pot Boils!

And the people did not like politicians.

Since a few days ago, the satanic grins of politicians have held up this state to the bright lights of the nation, and not only Texas people but other states are watching to see what, if anything, is done.

Our prediction is that NOTHING constructive will be accomplished as long as Texas people and the Texas Legislature have the attitude they now possess.

If the people who spoke so strongly last summer really knew what they wanted done, it now seems that they will be disappointed. In state affairs, like many other matters, there are plenty who want things done but want the other fellow to do it, or if something is done they want the credit for the "doing."

That very thing is again plainly in the Legislature. There are about a half dozen bills, constitutional amendments and plans, already cluttering up the calendar and therefore every group has his followers back home who want this and don't want that. In the meantime the four months allowed the regular session is fast passing away, and nothing in sight to be accomplished.

Failures generally come because of mistakes, and one mistake after another only assures a greater failure. Last summer the people seemed to have become weary of politicians and piled up a landslide of votes for one not versed in state affairs, hoping that maybe certain things that should have been done could be done with a New Horse! Maybe that was a mistake.

But Mr. O'Daniel was nominated and accepted the honor. He made another mistake for Texas when he butted into the second primary election. His own supporters became angry and forgot what it was they wanted done, or if they did not forget they did not give a heck what happened to their man and the state. So as time went on, O'Daniel became Governor.

There is no room in Texas for anybody to fight anybody else. That will not construct anything or accomplish anything.

If a Senator or Representative can't propose something worthwhile they should be careful about making fun or criticizing. This also applies to any citizen.

We all could forget that we have a governor and go about doing a good job for Texas and success. Mr. Governor has but little power to do anything anyway. So then if a failure results in getting such legislation as the mass of people want then who is to blame? Mr. O'Daniel really made wild promises back in the campaign during the summer, and the people either believed him or did not give a dime if he did not carry them out. Now he is urging the legislature to do all in its constitutional power to do what he thought the people of Texas wanted. Personally we believe Mr. O'Daniel knows what Texas people want and

is right when he suggests that:

—Texas should abolish the ad valorem tax system.

—Texas should finish paying out the pensions for the Ex-Confederate soldiers.

—Texas should carry out its pledge to meet the federal government in providing for the "needy aged men and women."

—Texas should carry out its pledge to meet the federal government in aiding the dependent and neglected children of this state and

—That Texas should hold to its promise to meet the Teacher Retirement Fund on a fifty-fifty basis.

To make ample provisions to meet all of the above objectives, it is going to take more people paying some form of Taxes than they are now paying. Whatever universal tax is adopted it will give those who are paying a satisfaction that others are helping, and that a good job of meeting state obligations is assured to be well done. The property owner is not only carrying all the taxes a non-property taxpayer is paying but his ad valorem tax to the state, county tax, city tax and school tax. He needs relief somewhere along the line and some form of general sales tax is the surest and most ample remedy.

It takes a constitutional amendment to change our taxing system and whatever amendment is offered to the people it must come before the present regular session is over or else we must wait two years. If anything is done, the wrangling among the smart guys down at Austin must stop.

Mrs. Fred Carpenter returned Tuesday from Leonard where she had been called because of the serious illness of her father. At this time he is reported to be improving.

Eugene Morgan, son of Mrs. Florence Morgan, of Hamlin, sends a card from Panama, showing a beautiful picture of the great canal. Eugene is in the Navy and the Navy is playing the southern waters. Eugene says it's hot down there.

Miss Mary Emily Eakin, a student in North Texas State Teachers College, spent the week end with her parents, Mr. and Mrs. J. B. Eakin.

Mr. Bowen Pope,
Hamlin, Texas.

Enclosed find one dollar for which please send the Herald another year. We enjoy its weekly visits into our home. We see in the Herald that the water problem for Hamlin is about to be solved at last. That's one thing Cisco can proudly boast. We have an abundance of the very best of water.

We enjoyed your editorial in last week's paper very much. Hope your paper will continue to grow.

Mr. McLendon, sends greetings to you and all of his old friends in and near Hamlin who read your paper.

The winter so far, has been very mild. We have a good fire place and lots of good oak wood to burn.

Looking forward to receiving next issue of your paper.

I remain,

"They (the professional politicians) didn't think I could point out where \$25,000,000 could be found, and now they rave because the plan I pointed out will raise as much as \$500,000,000 (according to the tax dodgers) and the 'Can't Do It Club' is now singing, 'O'Daniel Overdid It.'"

"So I have been silently watching these tax dodgers and giving them plenty of rope, to hang themselves."

"Disappointed office seekers have been doing everything to make good people lose faith in me, but, my friends, they overlooked one big thing, and that was that God gave brains to poor people just as he did the rich."

"Merchants who signed petitions against the proposal have been wiring and writing me saying they wanted their names stricken off the petitions now that they understand my plan. I think the merchant should be ashamed of kicking about collecting the tax."

"Ask your merchant which side he is on, we need helpful co-operation."

"Thank goodness that some newspapers are still friends of the common people."

During the past several months, many fine and up-standing people have moved into Hamlin. They have taken their places among us in our activities and have made many friends. We, as a town, welcome such people and urge them to stay.

But along with all good, there must be some bad. There are some folks who move here and can't or won't fit in. They refer to our fine little city as a "berg" or a "hick town" and to our citizens who built the town and keep it alive and growing, as "hicks" or "sticks-in-the-mud." They even use worse terms, sometimes. Yes, and many of these 'misfits' have been here for years. Well, listen, brother and sister, if you don't like our fair city, you have a standing invitation to move on. There are enough towns in this mighty nation that even you ought to be able to find one that suits you. Some of you "chronic knockers" forget that your bread and butter come from this good West Texas Town, Hamlin, but we don't fancy feeding your kind, so if you're a "chronic knocker," remember that the same highways that are leading constructive citizens to our city limits are broad enough for two-way traffic.

For candid camera shots and candid remarks about Texas politics, we refer you to the January 30th issues of "Life" and "Time."

Hamlin has its own picket line, for we saw a certain business man's wife wearing a huge red lettered placard, reading: "D— M— is unfair to his wife."

It must have been that hungry look in his eye that caused a pretty, young waitress to offer Jim Dunlap a second plate at a recent Lions meeting in Abilene.

BRYANT-LINK COMPANY

HAMLIN, TEXAS

Bryant-Link Co. To Bring Hollywood Picture To Hamlin Thursday, Feb. 9th

"The Tuttle Tugger" to Be Main Feature of All-Day Farmers' Program Feb. 9, Presented By Local John Deere Dealer

Bryant-Link Co., local John Deere dealer, is putting on another big Free John Deere Day program at Hamlin for farmers and their families on Thursday, Feb. 9, for this and neighboring communities.

"The Tuttle Tugger," an all-Hollywood picture, will be the main feature of the all-day entertainment and educational meeting. Packed with one hearty laugh after another, his rollicking all-talking picture promises to be a real treat for everyone who sees it. In the cast of Hollywood actors are Arthur Lake,

Judith Allen, Victor Potel, Greta Meyers, Agnes Ayres, Jack Rice, Allen Caven, and many others.

The picture tells the story of a salesman and a saleslady who get their sample cases mixed up! Leroy Bagley, the new milking machine salesman for the Tuttle Tugger Company, thinks he knows all about farming and tries to help the hired man. At the same time, he is trying to sell a milking machine. Every time he tries to help he causes trouble and plenty of it. It's a picture everyone will enjoy.

Four other brand-new, all-talking pictures will be shown in addition to the feature presentation. They include: "Around the Farm Clock"—an interesting, educational picture showing up-to-date power farming methods and equipment; "The Mark of the Genuine"—an instructive picture that shows how to keep farm equipment working like new

down through the years; "Mr. Sheppard Looks Inside"—an inside story of modern farm tractors, and a short newsreel showing new developments in agricultural equipment.

In addition to the five talking pictures, the John Deere Day program will include several talks and demonstrations in which you will be interested.

Bryant-Link Co. cordially invites every farmer, every farmer's wife, and every farm boy in this area to take part in this big day of entertainment and education.

Plans are being made to make this open house one of the big events of the year in this community. Many new ideas will be presented during the day which will be valuable to everyone present. According to Bryant-Link Co. admission will be by ticket only, and any farmer who has not received tickets can get them for the asking at their store any time before the show.

SENIORS TO SELECT INVITATIONS AND DIPLOMAS; ORGANIZE DRAMATIC CLUB

In a called meeting of the senior class, January 31, a special committee was named by President De France Burton to aid in choosing the class invitations and diplomas. This committee will select samples from each salesman's line, which will be presented to the members of the class, February 8, for a final vote. Individual orders will be placed later. Those serving on the committee are: Ivan Mustain, chairman; Marjorie Riddle, Floy Hudson and Billy McGough.

Also at this time, a senior dramatic club was organized under the direction of the class sponsor, Miss Doris Pope. The purpose of this club is to give class members stage experience and to help them in learning the fundamentals of acting and of presenting a play, and to enable Miss Pope to choose the best for the cast of the annual senior play to be presented early in April.

Forty-four seniors attended the first meeting and were enthusiastic over the work to be accomplished. The club program will consist of a study of make-up, voice, posture, gesture, stage arrangement and other thing essential to the production of a successful play.

The club project will be the presentation of a series of one act plays, directed by students and supervised by the class sponsor. Students will get experience as directors, assistant directors, stage managers, and actors. Each will be graded upon his work, and those ranking highest will be cast in the annual class play.

COMMITTEE ASSIGNMENT — I have had the honor of being given a place on one of the major committees of the House for the 76th Congress. There are certain committees to which a man can be assigned which exclude him from service from all others. I was placed on the Post Office and Post Roads Committee and have been assigned to the sub-committee on Rural Mails. The chairman of the committee, Hon. M. A. Romjue, of Missouri, also named me as chairman of the sub-committee on 'Offenses Against the Postal Law.' As a result of this appointment I can be on no other committees. I hesitated for some time to accept this assignment as it necessitated my giving up my work on the World War Veterans Committee which is so important to so many people in this country. However, I will continue to work for the benefit of those boys who are entitled to the proper care of the government even, as though I were on the committee.

FLOYD ROBERTS
1938 National
Race Champion
Champion race drivers, whose very lives and chances of victory depend on tire safety, know tire construction and that is why they select and buy Firestone Tires for their racing cars.

FIRESTONE triumphs again! This time with the new Firestone Champion, the tire that sets the safety standards for 1939. This new tire provides a combination of safety features never before built into a tire. It is a completely new achievement in safety engineering.

From the experience gained on the speedways of the world and in the Firestone laboratories, Firestone engineers have developed a revolutionary new type of cord body called Safety-Lock, which provides amazingly greater strength. This outstanding achievement makes possible the use of a thicker, tougher, deeper tread which assures much greater non-skid mileage. Because of this new Safety-Lock Cord body and Gear-Grip tread, the modern streamlined Firestone Champion Tire establishes completely new standards of blowout protection, non-skid safety, silent operation and long mileage.

The Firestone Champion Tire embodies the famous Firestone Triple-Safe construction — you get the exclusive and patented Firestone construction features of Gum-Dipping, two extra layers of Safety-Lock cords under the tread and Gear-Grip tread design. Never in all the history of tire building has there been such a triple-safe combination to protect you against the dangers of blowouts, punctures and skidding.

Come in today and equip your car with a set of new Firestone Champion Tires — the only tires made which are safety proved on the speedway for your protection on the highway.

HUDSON SERVICE STATION

HAMLIN, TEXAS

What Does the Future Hold for The Smaller Towns in Texas?

What must inevitably be the fate of the small towns and communities in Texas?

This question is being asked in literally hundreds of interior places over the state where today "For Rent" signs clutter the windows of empty business buildings! It is a question of increasingly serious importance, not only to these small towns and communities, but to the state as a whole.

These once busy places of community life, around which has largely grown the progressive development of Texas, are being dried up by the operation of heavy trucks over our highways. Their local business firms and enterprises, the dry goods, hardware, drug and fruit and vegetable stores, retail lumber yards, wholesale grocery houses, bottling plants, feed mills, oil mills, grain elevators and cotton compresses are unable to meet the competition of the larger business centers because of the almost unrestricted and promiscuous use of Texas highways in the delivery of goods by trucks from the larger cities holding the quantity-purchase advantage.

The absorption and manipulation, in varying degree, of the cost of transportation by highway for competitive purposes, if not restricted, will inevitably drive dealers and wholesalers in the smaller towns and communities out of business. They must succumb to the inequality of opportunity with which they are burdened and thus contribute further to our growing economic chaos.

The plea now being made by certain interests to increase the load limit on trucks operating over

Texas highways will hasten the end of local enterprises in smaller Texas communities. If under the present statutes harm already has been done the small town merchant and property owner, what then must be the effect of any increase in the allowable truck load limit? Certainly the larger the load limit the greater will be the distance over which goods can be hauled from the larger distributing centers, and the greater will be the harmful effects on dealers and enterprises in the smaller towns!

The burden of taxation borne by the business interests of the smaller towns and communities throughout Texas will, as a natural result, be shifted more and more to the shoulders of the remaining property owners. Those who have invested in homes and business buildings must sacrifice their investments to what some might mistakenly call "the march of progress."

The thousands of families, for so many years dependent upon employment by these business enterprises as a means of livelihood, must be forced to the cities in quest of work, and falling in that add further to our burden of relief and unemployment!

Inroads by long distance truck operations on the traffic of the railroads must necessarily result in the abandonment of more and more railroad mileage, with consequent loss of payrolls and taxes to these communities and an increase of tax burdens to their citizens.

Texas Railroads, who seek no favors and advantages, but who willingly pay their own way to render efficient, dependable and economical transportation service to Texas communities, have felt the ill effects of unfair and subsidized competition in the same way and measure as the small town business men and, in the interest of our mutual preservation, join with them in urging that existing legal truck load limits be not increased!

fect on January 1 will be watched closely to see if it will result in an important expansion of demand. Trade relations at present between this country and Argentina are not entirely satisfactory, especially to that government, and this will probably result in a trade agreement between the two countries to iron out differences, at least for the time being. This will also be likely to apply to Brazil.

CASH FARM INCOME—Farmers received a total cash farm income, including Government payments, of \$7,632,000,000 in 1938. The 1938 income compares with the revised estimate of \$8,574,000,000 for 1937 and with \$7,944,000,000 received by farmers in 1936. The estimate includes receipts from sales of farm products, Government payments, and loans, minus redemptions, on wheat, corn and cotton. Cash income from farm marketings and unredeemed loans on cotton, wheat, and corn totaled \$7,150,000,000 in 1938 and \$8,208,000,000 in 1937. Income from crops declined from \$3,846,000,000 in 1937 to \$3,160,000,000 in 1938. The crop income was lower than the \$3,457,000,000 received in 1936, but higher than for any year from 1931 to 1935.

"POSTALIZED" RAILWAY RATES—By riding in a coach, a New Yorker could travel to California for the small cost \$6. That is, if the "Postalized transportation rates" were in effect. This idea of Mr. John Hastings, a former member of the N. Y. State Senate is being studied by officials and it has been suggested that Congress authorize the ICC to investigate this proposal.

Savings Plan Spurred By New York Fair Interest

In at least thirty-eight States banking institutions are now operating New York World's Fair 1939 Savings Clubs, organizations for depositors which induce them to save stipulated sums each week for a trip to the Fair next Spring.

This saving plan, announced just one year ago, has for its slogan, "Save Today to See the World of Tomorrow" and several banks have linked it to their Christmas and Vacation Clubs.

Mr. Bowen Pope,
Hamlin, Texas.

Enclosed find one dollar for which please send the Herald another year. We enjoy its weekly visits into our home. We see in the Herald that the water problem for Hamlin is about to be solved at last. That's one thing Cisco can proudly boast. We have an abundance of the very best of water.

We enjoyed your editorial in last week's paper very much. Hope your paper will continue to grow.

Mr. McLendon, sends greetings to you and all of his old friends in and near Hamlin who read your paper.

The winter so far, has been very mild. We have a good fire place and lots of good oak wood to burn.

Looking forward to receiving next issue of your paper,

I remain,

MRS. W. E. McLENDON,

"So I have been silently watching these tax dodgers and giving them plenty of rope, to hang themselves."

"Disappointed office seekers have been doing everything to make good people lose faith in me, but, my friends, they overlooked one big thing, and that was that God gave brains to poor people just as he did the rich."

"Merchants who signed petitions against the proposal have been wailing and writing me saying they wanted their names stricken off the petitions now that they understand my plan. I think the merchant should be ashamed of kicking about collecting the tax."

"Ask your merchant which side he is on, we need helpful co-operation."

Points and Personalities

by doris pope

During the past several months, many fine and up-standing people have moved into Hamlin. They have taken their places among us in our activities and have made many friends. We, as a town, welcome such people and urge them to stay.

But along with all good, there must be some bad. There are some folks who move here and can't or won't fit in. They refer to our fine little city as a "berg" or a "hick town" and to our citizens who built the town and keep it alive and growing, as "hicks" or "sticks-in-the-mud." They even use worse terms, sometimes. Yes, and many of these "misfits" have been here for years. Well, listen, brother and sister, if you don't like our fair city, you have a standing invitation to move on. There are enough towns in this mighty nation that even you ought to be able to find one that suits you. Some of you "chronic knockers" forget that your bread and butter come from this good West Texas Town, Hamlin, but we don't fancy feeding your kind, so if you're a "chronic knocker," remember that the same highways that are leading constructive citizens to our city limits are broad enough for two-way traffic.

For candid camera shots and candid remarks about Texas politics, we refer you to the January 30th issues of "Life" and "Time."

Hamlin has its own picket line, for we saw a certain business man's wife wearing a huge red lettered placard, reading: "D— M— is unfair to his wife."

It must have been that hungry look in his eye that caused a pretty, young waitress to offer Jim Dunlap a second plate at a recent Lions meeting in Abilene.

HAMLIN, TEXAS

Bryant-Link Co. To Bring Hollywood Picture To Hamlin Thursday, Feb. 9th

"The Tuttle Tugger" to Be Main Feature of All-Day Farmers' Program Feb. 9, Presented By Local John Deere Dealer

Bryant-Link Co., local John Deere dealer, is putting on another big Free John Deere Day program at Hamlin for farmers and their families on Thursday, Feb. 9, for this and neighboring communities.

"The Tuttle Tugger," an all-Hollywood picture, will be the main feature of the all-day entertainment and educational meeting. Packed with one hearty laugh after another, his rollicking all-talking picture promises to be a real treat for everyone who sees it. In the cast of Hollywood actors are Arthur Lake,

Judith Allen, Victor Potel, Greta Meyers, Agnes Ayres, Jack Rice, Allen Caven, and many others.

The picture tells the story of a salesman and a saleslady who get their sample cases mixed up! Leroy Bagley, the new milking machine salesman for the Tuttle Tugger Company, thinks he knows all about farming and tries to help the hired man. At the same time, he is trying to sell a milking machine. Every time he tries to help he causes trouble and plenty of it. It's a picture everyone will enjoy.

Four other brand-new, all-talking pictures will be shown in addition to the feature presentation. They include: "Around the Farm Clock"—an interesting, educational picture showing up-to-date power farming methods and equipment; "The Mark of the Genuine"—an instructive picture that shows how to keep farm equipment working like new

down through the years; "Mr. Sheppard Looks Inside"—an inside story of modern farm tractors, and a short newsreel showing new developments in agricultural equipment.

In addition to the five talking pictures, the John Deere Day program will include several talks and demonstrations in which you will be interested.

Bryant-Link Co. cordially invites every farmer, every farmer's wife, and every farm boy in this area to take part in this big day of entertainment and education.

Plans are being made to make this open house one of the big events of the year in this community. Many new ideas will be presented during the day which will be valuable to everyone present. According to Bryant-Link Co. admission will be by ticket only, and any farmer who has not received tickets can get them for the asking at their store any time before the show.

SENIORS TO SELECT INVITATIONS AND DIPLOMAS; ORGANIZE DRAMATIC CLUB

In a called meeting of the senior class, January 31, a special committee was named by President De France Burton to aid in choosing the class invitations and diplomas. This committee will select samples from each salesman's line, which will be presented to the members of the class, February 8, for a final vote. Individual orders will be placed later. Those serving on the committee are: Ivan Mustain, chairman; Marjorie Riddle, Floy Hudson and Billy McGough.

Also at this time, a senior dramatic club was organized under the direction of the class sponsor, Miss Doris Pope. The purpose of this club is to give class members stage experience and to help them in learning the fundamentals of acting and of presenting a play, and to enable Miss Pope to choose the best for the cast of the annual senior play to be presented early in April.

Forty-four seniors attended the first meeting and were enthusiastic over the work to be accomplished. The club program will consist of a study of make-up, voice, posture, gesture, stage arrangement and other thing essential to the production of a successful play.

The club project will be the presentation of a series of one act plays, directed by students and supervised by the class sponsor. Students will get experience as directors, assistant directors, stage managers, and actors. Each will be graded upon his work, and those ranking highest will be cast in the annual class play.

COMMITTEE ASSIGNMENT — I have had the honor of being given a place on one of the major committees of the House for the 76th Congress. There are certain committees to which a man can be assigned which exclude him from service from all others. I was placed on the Post Office and Post Roads Committee and have been assigned to the sub-committee on Rural Mails. The chairman of the committee, Hon. M. A. Romjue, of Missouri, also named me as chairman of the sub-committee on 'Offenses Against the Postal Law.' As a result of this appointment I can be on no other committees. I hesitated for some time to accept this assignment as it necessitated my giving up my work on the World War Veterans Committee which is so important to so many people in this country. However, I will continue to work for the benefit of those boys who are entitled to the proper care of the government even as though I were on the committee.

FLOYD ROBERTS
1938 National
Race Champion

Champion race drivers, whose very lives and chances of victory depend on tire safety, know tire construction and that is why they select and buy Firestone Tires for their racing cars.

FIRESTONE triumphs again! This time with the new Firestone Champion, the tire that sets the safety standards for 1939. This new tire provides a combination of safety features never before built into a tire. It is a completely new achievement in safety engineering.

From the experience gained on the speedways of the world and in the Firestone laboratories, Firestone engineers have developed a revolutionary new type of cord body called Safety-Lock, which provides amazingly greater strength. This outstanding achievement makes possible the use of a thicker, tougher, deeper tread which assures much greater non-skid mileage. Because of this new Safety-Lock Cord body and Gear-Grip tread, the modern streamlined Firestone Champion Tire establishes completely new standards of blowout protection, non-skid safety, silent operation and long mileage.

The Firestone Champion Tire embodies the famous Firestone Triple-Safe construction — you get the exclusive and patented Firestone construction features of Gum-Dipping, two extra layers of Safety-Lock cords under the tread and Gear-Grip tread design. Never in all the history of tire building has there been such a triple-safe combination to protect you against the dangers of blowouts, punctures and skidding.

Come in today and equip your car with a set of new Firestone Champion Tires — the only tires made which are safety proved on the speedway for your protection on the highway.

What Does the Future Hold for The Smaller Towns in Texas?

What must inevitably be the fate of the small towns and communities in Texas?

This question is being asked in literally hundreds of interior places over the state where today "For Rent" signs clutter the windows of numbers of empty business buildings! It is a question of increasing serious importance, not only to these small towns and communities, but to the state as a whole.

These once busy places of community life, around which has largely grown the progressive development of Texas, are being dried up by the operation of heavy trucks over our highways. Their local business firms and enterprises, the dry goods, hardware, drug and fruit and vegetable stores, retail lumber yards, wholesale grocery houses, bottling plants, feed mills, oil mills, grain elevators and cotton compresses are unable to meet the competition of the larger business centers because of the almost unrestricted and promiscuous use of Texas highways in the delivery of goods by trucks from the larger cities holding the quantity-purchase advantage.

The absorption and manipulation, in varying degree, of the cost of transportation by highway for competitive purposes, if not restricted, will inevitably drive dealers and wholesalers in the smaller towns and communities out of business. They must succumb to the inequality of opportunity with which they are burdened and thus contribute further to our growing economic chaos.

The plea now being made by certain interests to increase the load limit on trucks operating over

Texas highways will hasten the end of local enterprises in smaller Texas communities. If under the present statutes harm already has been done the small town merchant and property owner, what then must be the effect of any increase in the allowable truck load limit? Certainly the larger the load limit the greater will be the distance over which goods can be hauled from the larger distributing centers, and the greater will be the harmful effects on dealers and enterprises in the smaller towns!

The burden of taxation borne by the business interests of the smaller towns and communities throughout Texas will, as a natural result, be shifted more and more to the shoulders of the remaining property owners. Those who have invested in homes and business buildings must sacrifice their investments to what some might mistakenly call "the march of progress."

The thousands of families, for so many years dependent upon employment by these business enterprises as a means of livelihood, must be forced to the cities in quest of work, and failing in that add further to our burden of relief and unemployment!

Inroads by long distance truck operations on the traffic of the railroads must necessarily result in the abandonment of more and more railroad mileage, with consequent loss of payrolls and taxes to these communities and an increase of tax burdens to their citizens.

Texas Railroads, who seek no favors and advantages, but who willingly pay their own way to render efficient, dependable and economical transportation service to Texas communities, have felt the ill effects of unfair and subsidized competition in the same way and measure as the small town business men and, in the interest of our mutual preservation, join with them in urging that existing legal truck load limits be not increased!

Spend a few cents today at any drug store for a bottle of BUCKLEY'S MIXTURE (cough medicine)—by far the largest selling cough medicine in all of old Canada. Take a couple doses at bedtime and enjoy a good night's rest. One little sip and the ordinary cough is "on its way." Continue for two or three days and you'll hear little more from that tough, old hang-on cough that nothing seems to help—if not joyfully satisfied—money back.

Apache Agent

WHEN, in 1873, old-timers in Arizona learned that a twenty-two-year-old Easterner, fresh from Rutgers college, had been appointed agent for the San Carlos reservation, a gale of laughter swept that section of the Wild West. "Why, them Apache devils will sneer that tenderfoot out inside a week," they guffawed. But they didn't know the stuff that was in John Philip Clum.

Taking charge at San Carlos, he decided that the "terrible Apaches" weren't so terrible if they were treated like human beings instead of animals, as the Spaniard, the Mexican and the American frontiersmen had regarded them. So he made them self-governing by founding the first body of Indian police ever organized to keep order on the reservation and by establishing courts, presided over by Indian judges, to try offenders. He made them partially self-supporting by teaching them the arts of peace instead of war and paid them for the work they did. And above all else he proved to them that he was one white man who didn't "speak with a split tongue."

As a result Clum, within three years, was ruling 5,000 of these Indians, who had been regarded for 300 years as "untamable," without the aid of a single soldier. A physician and a commissary clerk were the only other white men on the reservation.

Next he was given a bigger job—that of capturing a party of hostile Apaches, led by the notorious Geronimo. With a selected party of his loyal Apaches, he marched 400 miles across the deserts and mountains of the Southwest, trapped Geronimo and his followers in New Mexico, captured them without firing a shot and marched them back the whole 400 miles without a single one escaping. This was the only time Geronimo was ever forcibly captured. Several times later he voluntarily surrendered but John P. Clum was the only man who ever took him prisoner when he didn't want to be a captive.

Clum's career of usefulness as agent for the Apaches ended in 1877 when politics brought about a crisis which forced him to resign. He later won fame as an editor and public official in the town of Tombstone but until his death in 1932 he was proudest of the record he made when he was "Apache Agent."

PETER PREACHES AT PENTECOST

LESSON TEXT—Acts 2:12-18, 36-41.
GOLDEN TEXT—Not by might, nor by power, but by my Spirit, saith the Lord of hosts.—Zechariah 4:6.

We need a revival. With one accord leaders of the Church agree on that point although they may differ widely on other matters. Social and civic leaders agree. One prominent government official recently said that the only hope for the world in this hour of conflict and confusion was a return to the Christian faith of our fathers. He was but one of many outstanding men who have expressed such a belief.

How may such a revival of faith toward God (with its quickening of the believer and the resultant salvation of sinners) be brought about? Certainly it is not in the power of man to produce it, although he does have a vital part in surrendering himself to God's plan and purpose so that He may work again in the midst of His people. Our lesson for today clearly indicates how God worked on Pentecost, namely, through a Spirit-filled people, proclaiming His own Word, with astonishing results following. Will not God work in the same way today if we only give Him a chance?

I. An Amazing Spiritual Experience (vv. 12, 13).

Read the first 11 verses of this chapter and you will learn of the coming of the Holy Spirit upon the disciples—as the rushing of a mighty wind, in tongues of fire, and in the ability to proclaim the Word of God to all men.

There is no use talking about another Pentecost as though God needs to repeat that marvelous day. But the essence of what occurred on Pentecost is the deep need of both individual Christians and of the Church today. In much (one is almost ready to say most) of our Christian work there is not only a failure to recognize the Holy Spirit, but what appears to be an actual ignoring of Him. One of the great experiences of literally thousands of students who have come under the writer's care during the years is their sudden understanding of the fact that the Holy Spirit is a person—yes, a convicting, regenerating, directing, and energizing member of the divine Trinity, working in and through man.

II. An Effective Spiritual Message (vv. 14-18, 36. See also vv. 19-35).

The characteristics of a real gospel message are found here. First of all there must be a Spirit-filled preacher. He may be a minister or he may be a layman, but if the Spirit of God is upon him, there will be the right kind of message.

That message will not be an essay, book review, or dissertation on social or civic problems, but an exposition of the Word of God. Note that Peter preached and interpreted prophecy—a subject which no preacher should neglect—but that he did so not for the purpose of having a sensational sermon subject, but in order to reveal the glories of the person and work of Christ—a lesson some preachers need to learn.

The manner of preaching is also important. Peter was definite, earnest, bold, and decidedly personal in his preaching. A man who is speaking in the energy of the flesh should beware of such marks upon his preaching, but a Spirit-filled man should rejoice in the holy boldness and assurance which the Holy Spirit gives. He will be delivered from any temptations to be extreme or unkind, but will at the same time be led to say those things which will prick the hearts of people and cause them to turn to Christ.

III. An Appropriate Spiritual Result (vv. 37-41).

We often say that there is very little old-time conviction of sin today, and alas, it is all too true. It is not even the privilege of many spiritually-minded preachers who present a true gospel to see such a response as Peter saw on Pentecost. But that does not mean that the Spirit is not working.

God does not hold us responsible for outward evidence of results. He does hold every teacher and preacher responsible for faithful discharge of his sacred stewardship. That includes more than the public ministry of teaching a Sunday School class or preaching a sermon. It means that the individual's life is right with God—no trickery, no dishonesty, no double dealing with God or man; a life yielded to the control of the Holy Spirit. Next comes diligence in study of God's Word, and a willingness to proclaim its whole truth without fear or favor, in season and out of season.

The Living Word

Christ is the Living Word; so it is the Word of God that has come from God, and has come into this world, and by which all and every operation of God is effected. Where the Word of God is received the soul is begotten of God.

THE FAIR IN PICTURES

NEW YORK—With the opening date of the New York World's Fair 1939—April 30—coming nearer and nearer, activities on the Fair grounds are increasing daily. At the top you see a giant American Flag, 90 x 230 feet, being saluted by 1,000 school children in a ceremony marking the dedication of the Court of Peace,

around which 62 nations are gathering their exhibits. In the middle appears a modern sculptural group called "Speed," featuring a woman astride a winged horse. At the bottom is one unit of tulip beds. More than 1,000,000 bulbs were imported from Holland to accentuate landscaping.

Since the first week in January, Mrs. H. A. Stacy has been at the home of her daughter, Mrs. A. L. Tally in Dallas. She suffered a stroke of paralysis in November and her daughter remained here for about two months. Mrs. Stacy has shown but little improvement.

Water Rate Ordinance

AN ORDINANCE PRESCRIBING THE RATES TO BE CHARGED FOR WATER; PRESCRIBING THE TIME AND PLACE FOR PAYMENT OF ACCOUNTS; PROVIDING PENALTY FOR FAILURE TO PAY ACCOUNT WITHIN THIRTY DAYS AND PROVIDING FOR CONDITIONS UPON WHICH SERVICE WILL BE RESUMED; REPEALING ALL ORDINANCES IN CONFLICT HERewith AND DECLARING AN EMERGENCY.

WHEREAS, the City Council has heretofore determined that it is to be the best interest of the City and of its citizens that a waterworks system be constructed in and for said City; and

WHEREAS, the City Council is at this time in the process of issuing bonds and contracting for the construction of said waterworks system, and

WHEREAS, it is proper and necessary in connection with said waterworks system for the payment of operating expenses and for the payment of the principal and interest on said bonds to, at this time, set the rates to be charged for service in connection with said waterworks system:

BE IT ORDAINED by the City Council of the City of Hamlin, Texas:

1. RATES: There shall be charged for the first 3000 gallons, or fractional part thereof, used each month, the sum of TWO DOLLARS (\$2.00); and for each additional one thousand gallons, or fractional part thereof, at the rate of Twenty Cents (\$.20) per thousand gallons.

1-A. The City shall be charged the same rates, (for either waterworks or sewer and in case of a waterworks and sewer system for both) (except in case of an existing system where the rates are already set) as individuals or commercial houses or plants according to the character of service rendered.

In no event shall free service be granted to the City for any purpose whatever.

2. TIME AND PLACE OF PAYMENT: All accounts shall be payable on the first day of each month, at the City Hall in Hamlin, Texas.

3. PENALTIES: There shall be added to each account which is more than ten days overdue, the sum of ten (10%) per cent of said account as penalty.

4. DISCONTINUANCE OF SERVICE: Service to any person whose account is more than thirty (30) days delinquent shall be discontinued and in addition to the customary charges, as heretofore set out, there shall be charged the sum of ONE DOLLAR (\$1.00) for resumption of service.

5. REPEALING CLAUSE: All ordinances and resolutions and parts thereof in conflict herewith are hereby expressly repealed in so far as they conflict herewith.

6. EMERGENCY CLAUSE: By reason of the fact that the City Council considers the passage of this ordinance necessary for the preservation of the public health and safety of the City and of its citizens, it is hereby declared to be an emergency measure demanding that the rule requiring ordinances to be read at more than one meeting of the City Council be suspended and that this ordinance take effect immediately from and after its passage and it is so ordained.

PASSED AND APPROVED, this the 23rd day of January, 1939.

JOE CULBERTSON, Mayor of the City of Hamlin, Texas.

McCAULLEY MATTERS

By JOHN P. HARDESTY

The freshman class of McCaulley High School enjoyed their second class party, given them by Mrs. Charley Galloway Tuesday night, Jan. 24. Games were played and refreshments served to the following: A. J. Cook, Bessie Mae Faulkenberry, Buford Jackson, Edward Gibson, Emily Sue Kidd, Faye Norris, Faye Rogers, Geraldine Shira, Irma Jane Jackson, Joseph Miles, Mary Callaway, Rex Jones, Velma Sue Boyd, Mr. and Mrs. Arnold Galloway, Mr. and Mrs. Austin Galloway, Marjorie Galloway, Fannie and Annie Galloway, Mrs. Virgil Jackson, W. C. Jackson, and the class sponsor, Hettie Logan Clay.

On January 26 the junior class of the high school entertained the seniors with a scavenger hunt. Following the hunt a weenie roast was enjoyed by the following: Mr. and Mrs. Melvin Courtney, Miss Birdie Leo Crabtree, Joe Boyd, Billy Pickron, Katy Akins, Frances Davison, Walter Cypert, Emma Sue Hennington, Stanley Jackson, H. P. Powers, Doyle Jones, William Shira, Nadine Land and Donald Hendrickson.

Lilly Akins was home from Abilene for a week end visit with her parents, Mr. and Mrs. M. L. Akins, and other relatives.

We are sorry to report that Miss Odie Hunter is not so well. However, she is most cheerful and it is a real joy to visit her in her affliction, for she radiates an optimism that is refreshing.

The senior B. Y. P. U. social for Fisher County Baptist young people will be held at Roby Friday night.

Funeral services for Mrs. Bill Maberry, a former resident of McCaulley, who died in a Stamford hospital Tuesday, were held at the local Baptist Church Wednesday morning at 10 o'clock, conducted by Rev. C. E. Dick, assisted by the pastor, Jno. P. Hardesty.

Mrs. Maberry, the former Sallie Catherine Crowder, was born May 14, 1884. She was married to Bill Maberry Jan. 4, 1903. Eight children were born to them, 7 living, 6 girls and one son. They are: Etta, Charlie, Artie Laverne, Mrs. Wick Miers, Mrs. Howard Miers, Mrs. Robert Foust and Mrs. Milton Addison. Mrs. Miers lives at Balmorea, and Mrs. Howard Miers and Mrs. Addison live near Lamesa. Mrs. Foust lives at Waco. The other members of the family live with their father at Welch, near Lamesa. All the children were present for the funeral. There are five grandchildren who survive. One son, Elmer, died Feb. 1, 1926. Interment was made in Lamesa cemetery. Barrow Undertaking Company, Hamlin, directed the funeral.

Mrs. Lottie Rector, post master, announces that according to a ruling of the Post Office department

ITS STYLE IS MAKING NEWS!

Ford cars have always been built to their own high standards of basic quality and performance. This year they also bring style that is new to the low-price field.

STYLE LEADERSHIP—The luxury cars of the low-price field.

V-TYPE 8-CYLINDER ENGINE—Eight cylinders give smoothness. Small cylinders give economy.

HYDRAULIC BRAKES—Easy-acting—quick, straight stops.

STABILIZED CHASSIS—No front end bobbing or dipping. Level starts, level stops, level ride.

SCIENTIFIC SOUNDPROOFING—Noises hushed for quiet ride.

TRIPLE-CUSHIONED COMFORT—New flexible roll-edge seat cushions, soft transverse springs, four hydraulic shock absorbers.

LOW PRICES—Advertised prices include many items of desirable equipment.

Droopy? Not now!

... thanks to Syrup of Black-Draught. When your child is less keen and lively than usual, it may be a warning of constipation. If so, try Syrup of Black-Draught. It's pleasant to taste, and there's nothing in it that can harm a child's delicate intestinal system when given according to the directions. Ask for Syrup of Black-Draught.

Miss Dorothy Jane Bailey and Miss Lois Ellen Stell, students in North Texas State Teachers College in Denton, were here this week to visit their parents, Mr. and Mrs. Ed Bailey and Mrs. and Mrs. D. W. Stell.

AVOID ACID CONDITIONS

When you suffer distress or upset stomach from over-indulgence in alcoholic beverages just take GE 7 Carbonates Compound and you should secure relief of the discomfort. Buy a bottle of this pleasant-to-take effervescent salts at the Rexall Drug Store.

Beware Coughs from common colds That Hang On

No matter how many medicines you have tried for your common cough, chest cold, or bronchial irritation, you may get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel germ-laden phlegm. Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained. Creomulsion is one word, ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

Carl Tindal and wife and little daughter, Dorothy of Provo, North Dakota, arrived on Wednesday of last week to visit their aged father, J. M. Tindal who is very feeble and ill. He is 81 years of age. He is at the home of his son, Sam Tindal, near Neinda. Carl and his family have been in the north about ten years. He is farming and mining.

Miss Carolyn Greenway, who is a Canyon Teachers College student, came down Saturday for a short visit with her parents. She was accompanied by her roommate, Miss Jung Cope.
